

Tuesdays 12h00 – 13h00 CET  
(unless specified)

Online seminars via Zoom:  
<https://unil.zoom.us/j/93394008116>

1 February 2022

**Konrad Förstner**

ZB MED - Information Center for Life Sciences &  
University of Applied Sciences (TH) Köln  
*NFDI4Microbiota - Establishing a culture of FAIR data and Open  
Science in the microbiology community*

1 March 2022  
14h00 CET

**Babak Momeni**

Department of Biology  
Boston College  
*Modeling interactions among nasal bacteria to guide  
microbiota-based therapy*

3 May 2022

**Jasmine Berg**

Institute of Earth Surface Dynamics  
University of Lausanne  
*Cryptic redox element cycling: quantifying overlooked  
microbial processes with a global impact*

7 June 2022

**Alexander Loy**

Department of Microbiology and Ecosystem Science  
University of Vienna  
*Of mice and Popeye: microbial sulfur metabolism in the gut*
